*Moving from the Physical to the Metaphysical*

## *Moving from the Physical to the Metaphysical*

Please join us for this special opportunity to open our bodies and hearts for the new year in “winter practice.” The Martin Luther King holiday weekend includes 1 overnight stay, 3 meals, 3 classes and an optional mountain hike. Our gathering begins 9 AM Saturday for registration, and ends 2 PM Sunday.

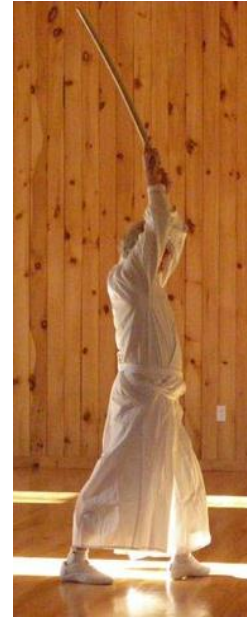

### **Instruction**

We are fortunate to be led by a team of the most expert instructors, who will guide us in “Moving from the Physical to the Metaphysical” expressed through the practice of bokutoh (wooden sword), Tenshin mudras, and shoko mountain meditation.

**Michael Thompson** co-founded Shintaido of America, is a Master Instructor, and holds a Yon-dan in Bojutsu. His years of experience and knowledge are an integral part of our proud lineage.

**Joe Zawielski** is a Senior Instructor, who has been teaching since 1984, and holds a San-dan ranking in Bojutsu. Joe teaches with a special gift for making movement come alive for all students.

Participation is open to all, regardless of experience. Please bring a bokutoh if you have one.

### **Aoki Sensei on Tenshin**

*We are rooted in terrestrial nature, which is part of universal nature and of the marvelous force, which gave them birth. We feel wedded to the universe and the macrocosm. Our microcosm existence is drawn to life with all its forces. This is the object of the study of Shintaido ... through movements of the body. It is the body's search for an intense physical feeling confirming the total unification between the original vital energy of the universe and our nature, our true self.*
